CANNEQUIPT CLOVERDALE

Based in Cloverdale California within The Soil King Garden Center, this flagship location is ideally located near the borders of Sonoma and Mendocino counties at the southern point of the Emerald Triangle.

CannEquip intends to set the standard in serving the marijuana equipment rental supply sector. As CannEquip establishes itself as a household name among cultivators it can seize majority market share in California and select markets throughout North America. CannEquip's northern California roots have the advantage of a multi-generational heritage in marijuana cultivation and the company is uniquely positioned as a first mover in this market segment with the expertise and industry contacts to effect exponential growth.
